

SMC2014 Exhibition

Exhibits at SMC2014 will showcase the state-of-the-art technologies in systems science and engineering, human-machine systems, and cybernetics. It presents recent advancements from R&D laboratories, and provides opportunities to foster collaboration between academia and industry. The exhibitors include industrial companies Omron Corporation, Cybathlon, and Qualcomm Inc., university organizations Johns Hopkins University and California State University, Fullerton, and publishers Taylor & Francis and John Wiley & Sons - IEEE Press. In addition, three technology demonstrations from the Workshop on Brain-Machine Interface Systems will be displayed.
