Introduction/Call for Papers

Complex real problems involve a set of characteristics that invariably conducts to the use of multicriteria evaluation. Nowadays, the growing availability of Information Technology makes possible to develop decision support systems in order to incorporate stakeholders preferences in such decisions, in collaboration environment or not. This session focuses on contributions aim at designing tools, methodologies and applications based on decision support systems dealing with models of different Multicriteria Decision problems. Prospective authors are invited to submit original papers to the Special Session.

Indicative Topics/Areas

Decision Support Systems, Multicriteria Decision Models, Problem Structuring, Negotiation, Group Decision, Knowledge Aggregation, Preference Modeling.

Important Dates

April 7, 2014: Deadline for submission of full-length papers to special sessions.

May 25, 2014: Acceptance/Rejection Notification.

July 9, 2014: Final camera-ready papers due in electronic form.

Submission

Manuscripts for a Special Session should NOT be submitted in duplication to any other regular or special sessions and should be submitted to SMC 2014 main conference online submission system on SMC 2014 conference website.

All submitted papers of Special Sessions have to undergo the same review process (three completed reviews per paper). The technical reviewers for each Special Session paper will be members of the SMC 2014 Program Committee and qualified peer-reviewers to be nominated by the Special Session organizers.

Organized by IEEE SMC TC on Decision Support Systems
