Introduction/Call for Papers

TRANSPORTATION is an important and useful system worldwide. To improve compatibility in Human and User Interface (UI) of navigation system for ship, airplane, train and car and To provide effective Educational Training System for their operators is Main Topic. KEY is "HUMAN" and "Transportation SYSTEM", and "Future effective technology for HCTS". Prospective authors are invited to submit original papers to the Special Session.

Indicative Topics/Areas

1) To improve compatibility in Human and User Interface (UI) of navigation system for Ship, Airplane, Train and Car (Ambulance, Truck, etc.).

2) To provide effective Educational Training System for their operators of Human Centered Systems in Transportation Systems.

3) Others: Useful and Effective research for Human Centered Transportation Systems

Important Dates

April 15, 2014: Deadline for submission of full-length papers to special sessions.

May 25, 2014: Acceptance/Rejection Notification.

July 9, 2014: Final camera-ready papers due in electronic form.

Submission

Manuscripts for a Special Session should **NOT** be submitted in duplication to any other regular or special sessions and should be submitted to SMC 2014 main conference online submission system on SMC 2014 conference website.

All submitted papers of Special Sessions have to undergo the same review process (three completed reviews per paper). The technical reviewers for each Special Session paper will be members of the SMC 2014 Program Committee and qualified peer-reviewers to be nominated by the Special Session organizers.

Organized by IEEE SMC TC on Human Centered Transportation Systems
