Xinge You (TC Co-Chair)

Professor

Huazhong University of Science and Technology, China.

Email: youxg@hust.edu.cn

Introduction/Call for Papers

The special session is formed to fill a need for information exchange among researchers in the image processing and pattern recognition field. The aim of this special session is to find the new research results in image processing and pattern recognition. It hunts for the core ideas of image processing/pattern recognition from the viewpoints of cybernetics by focusing on both the theoretical achievements and practical applications of image processing/pattern recognition.

Important Dates

April 7, 2014: Deadline for submission of full-length papers to special sessions.

May 25, 2014: Acceptance/Rejection Notification.

July 9, 2014: Final camera-ready papers due in electronic form.

Submission

Manuscripts for a Special Session should NOT be submitted in duplication to any other regular or special sessions and should be submitted to SMC 2014 main conference online submission system on SMC 2014 conference website. All submitted papers of Special Sessions have to undergo the same review process (three completed reviews per paper). The technical reviewers for each Special Session paper will be members of the SMC 2014 Program Committee and qualified peer-reviewers to be nominated by the Special Session organizers. Organized by IEEE SMC TC on Pattern Recognition.
